Hope for Hossana

Thank you for supporting Children's Home Hope for Hossana School in Ethiopia. The school's second academic year saw attendance rise to over 200 students, 128 of whom attend under full sponsorship. Children's Home worked alongside the local government to identify children, who may not have access to formal education, to enroll under sponsorship at the Hossana School. Sponsored students receive a quality education, but are also provided transportation to and from school, meals, health screenings, continued health care, a new uniform and shoes. The school boasts a large garden that supplements the meal program, serves as a learning laboratory for students and teaches families about sustainable gardening. The school would not be where it is today without the generosity of donors.

2011 Project: Uniforms for Everyone!

A \$20 donation will purchase a new high-quality uniform and shoes for a child in need. In a school with a mix of tuition-paying and sponsored students, uniforms can be a great equalizer. Many children under sponsorship own only a few items of clothing. They come from families who are struggling with poverty and difficult circumstances. Uniforms are included in the sponsorship because families cannot afford them. Uniforms are locally made and include a pair of sturdy shoes. Children feel proud to wear their uniforms and it is one less burden on their families. Your donation will help provide uniforms to children who need them most.

**\$20 will purchase
one high-quality
uniform & shoes.**

**Our goal:
150 uniforms for
children in need.**

Thank you for helping!
